The collaborative efforts of the Abernathy Foundation have proven to be one of the most effective ways to combat the pervasive evil of human trafficking. I have seen both the issue firsthand and am humbled and honored to be a part of this work alongside you as investors. Thank you for joining me in keeping children safe, bringing those affected by Trafficking to lives of true freedom, and fighting tirelessly to bring criminals to justice. As with the rest of our investments, it's imperative that the Abernathy foundation stays as strategic as possible to bring the most impact possible."

▶ **136 CHILDREN PROTECTED INTERNATIONALLY**

This past year, Abernathy Foundation helped protect children internationally. Shelters were built to protect children actively being targeted by Burmese military members and the Chinese mafia. Additionally, a group of girls that were suffering from sexual abuse in an international home in Thailand were relocated and sheltered and are now able to continue their schooling.

▶ **3 INDIVIDUALS FREED FROM TRAFFICKING**

Freeing individuals from trafficking is a dangerous task that often takes large amounts of time and safety precautions. The Abernathy Foundation helped fund these operations. This year, several children in high-risk situations, who were previously unreachable due to hostile conditions, were rescued. There were also numerous investigations that lead to intercepting traffickers and removing trafficked individuals from harm.

▶ **16 PROTECTORS TRAINED**

There are estimated to be over 50 million people living in modern slavery each day. This includes sex trafficking, labor trafficking, forced & child marriages, and more. The Abernathy Foundation is fighting this by helping provide basic needs, aftercare and holistic needs, services that lead to long-term flourishing lives and livelihoods, legal aid, training, and prosecution assistance to vulnerable populations around the world.

▶ **PEOPLE DIRECTLY IMPACTED AROUND THE WORLD**

The Abernathy Foundation supported the training of protectors who are equipped to prevent, identify, and appropriately respond to potentially dangerous trafficking situations. This includes special LEO training using Low Visibility Combat Application including surveillance, firearms, and hand to hand combat. These LEOs become qualified to go out and teach their own classes, causing an exponential ripple of protectors trained.

"The Abernathy Foundation has played a critical role in our efforts to dismantle child trafficking networks. The commitment this foundation brings to the fight for true freedom and justice fuels our efforts both here in the U.S. and around the world." - [Redacted for privacy] Lightning Strike
